

INTRODUCING "EURABUG" - - Fearsome monster aids
Edinburgh students in mighty drive on behalf of
charities.

In the cause of charity, Edinburgh students
write an original fairy story and--

--bring it to life. This Swollen Caterpillar
is not a paterpillar! It's the dreaded
EURABUG !

This beauteous maiden is to be sacrificed
to the said EURABUG which must be fed with
beauteous maidens or money ! The modern
Andromeda is chained to a pillar--

--of the Art Gallery, poor dear !

And the EURABUG approaches for the succulent
morsel !

But stay, what is this ! It's the hero !
Sheik Eura Another, who dashes to the rescue.

Bl - sanguinary combat ensues. The hero,
failing to vanquish the monster with his rusty -
trusty - - sword, puts salt on his tail.--

--and thus conquers, now to free the pretty
prisoner from her perilous position at the pillar.

(Sorry, if I splashed !) This is no sooner
done than said - - er - - said than done !

And the EURABUG is driven home to its
liar. It's a married EURABUG. And the--

--people of Edinburgh pay up for prompt delivery
and the Hospitals chertle.
