The start of the--

--880-yards team race (PAUSE).

It was won by Lieutenant Fowler of 'C' Division.

Then the 'boat race' ! Well, that's what--

--it's called. The quicker they run backwards, the  
likelier they are to win ! Fancy encouraging soldiers  
to run backwards !

The 220-yards sprint ! An advance--

--in the right direction. (PAUSE).

A non-stop sports meeting. No sooner is one--

--item over than the next is started - - He's stopped ! - -

Well, there 's no doubt army routines and training  
make a man stand up for himself - - er - - sometimes !
