--25 Fighter Squadron takes off for practice drill.
UNIVERSAL'S cameraman--

--flies above the Squadron and films these unique 'shots',--

--while travelling at something over 200 miles per hour. (EFFECTS).

(EFFECTS).

Now they break up into flights of three machines. (EFFECTS).

Watch this ! Rolling over in perfect formation. Most thrilling ! At least, I think so ! (EFFECTS).

This is in preparation for the coming R.A.F.--

--show, the year's sky-high spot of spectacle !
