

THE SNAKE DANCE - Weird ritual  
performed by mystic society of  
leading citizens of Prescott, Arizona.  
- U.S.A. -

Picture: If any real live Englishman wants to make--

--a name for himself, let him start this sort of--

--thing over here. These savage looking males are not Red--

--Indians but just business men, Members of a mystic order,  
called the--

--'Smoky People'. PAUSE.

Real Indians watch the fake pow--

--wow and wonder if the pale--

--face has got sun-stroke or beet-leg whiskey ! For this dance--

--ritual, these perfectly sane and useful--

--citizens, actually members of the Prescott Chamber of Commerce,  
carry live snakes between their teeth. Its all a matter of taste,  
but what does a snake taste like ?

Well its one way of making whoopee ! But I can't  
swallow that snake !
