GLORIOUS HENLEY - - World's foremost  
sculling champions show their paces before brilliant  
gathering.

Picture:-

What a glorious day for the opening of Henley's  
river carnival. A beautiful--

--breeze makes the hot sun just--

--pleasant. Everybody seems glad to be here. The  
Thames Challenge Cup race has just started. The fourth  
heat, with the Thames Rowing Club against Ottershaw  
College. The crews--

--will be pretty warm before they have covered the  
Eight's Course. Some people have said that Henley's  
glories---

--were fading, but this year's--

--attendance proves they're wrong. Everything seems  
perfect. The--

--ladies frocks fit perfectly into--

--the ever changing colour scheme. And the ladies  
fit perfectly into the frocks. But there's a race  
on ! Sorry ! The eights make a perfect picture too,  
with their wet sculls flashing as they swing and dip.  
Ottershaw College loses the--

--heat, but the sun still shines. Henley's glorious !
