GOOD RIDDANCE - - New York police sieze
thousands of firearms from gangsters and dump them
into the sea.

-New Jersey-

Picture.:-

When gangsters are forced by necessity to
use--

--fists instead of fire-arms they will be neither
so dangerous, nor so bold. The New--

--York police are rounding up all the guns--

--and pistols illegally held by people of doubtful--

--character, and dumping them into the deep sea.
It--

--looks an awful waste, but it will save--

--many lives from the murderous bullets of
irresponsible fools.
