Picture. :-

Her Royal Highness Princess Alice, Countess of Athlone,
after inspecting her guard of honour--

--of the Devonshire Regiment at Exeter, opens the new--

--wing of the Princess Elizabeth Orthopaedic Hospital.
The Hospital--

--itself for the treatment and care of--

--cripples was opened in 1927 by the Duke and Duchess of
York.

This extension adds 24 more beds to--

--the previous 48. Her Royal Highness inspected the--

--new wards and expressed her pleasure at the splendid
treatment afforded--

--children were receiving under this beneficent scheme.
The Devonian Association--

--which established this hospital deservedly received
special praise from Exeter's Royal Visitor.
