Picture:-

In the cause of charity, two ladies go to be  
burned at the stake,--

--without bending a knee, moving a muscle, or  
uttering a cry. Models of their sex !

Holbeck Bonfire is the culmination of a--

--charity Carnival. The Lord Mayor of Leeds applies the--

--torch. The night is so hot that people should be  
quite prepared--

--to pay to get away from this magnificent bonfire and  
give it the cold shoulder. The Carnival has been a huge  
success and if the promoters are double-jointed--

--they may pat themselves on the back.(PAUSE). This  
ends the day in--

--a blaze of enthusiasm, egg boxes and stolen  
neighbours' pianos. That small child should be  
in bed !

The proceeds of the Carnival go to the Holbeck  
District Nurses' Home. So this bonfire is really  
to keep the 'home fires burning' Very hot, what ?
