ROUND THE WORLD BY CANOE!

Two young men of Lancashire, Messrs Savage and Edgar, start their great attempt to paddle round the globe.

-Stretford, Manchester-

Picture.:-

Starting on a three-year's trip in a canoe, Kenneth Savage and--

--Cecil Edgar hope to circle the world before they--

--again hear the clatter of Lancashire clogs. All they are carrying is--

--a tent, a lucky horse-shoe, and some picture--

--post-cards of themselves which they hope to sell to buy food--

--and clothes. They also hope to cross the Black Sea--

--and the Pacific Ocean. Meanwhile we will hope that Britannia 'rules the waves' straight for the two lads.
