A LONG HIKE - - Hiking clubs,  
in addition to recognised walking clubs, compete  
in 21 $\frac{1}{2}$ -miles race from Perth to Dundee.

Picture. :-

There are plenty of 'buses and trams in Scotland,--  
--but walking is popular, and the roads are free.

In the Perth-to-Dundee walking contest, ladies get a--  
--twenty minutes start. The weather is not too good, but  
true Scottish spirit--

--is proof against a little rain. The race starts a  
new idea too. There are three special prizes for hikers--  
--who take part. The distance is twenty-one--

--and-a-half miles. There go the men ! A number of  
well-known Scottish athletes are in the running - - er - -  
walking. G.Gordan, and G.S.Barker of Glasgow.

A.D.Galloway and J.E.Creegan, picked Scottish  
champions. Chapple--

--Dundee is getting ahead, and is a likely winner.  
The ladies, I may--

--say are well behind, but if like Felix Miss--

--Vera Murray keeps on walking, she will win easily.  
Here is H.E.Chapple coming in to win. The weather is--

--very dull, but does Chapple care ? He's won !
