HURRY BOY HURRY -- Errand boys of Maidstone show just how fast they can move, in cycling "perby" through the streets. Kent.

Pictures - Away with Sexton Blake, and Deadwood Dick! for one day only Maidstone errand boys become the errand boys flying squad. There's a prize for the swiftest at the other end, and the honour of the profession is being upheld. They're proving that it is possible to get a joint delivered in time for lunch, if it is absolutely necessary and if the bakers, boy doesn't start a scrap in between times, It must be strange to some of them to to go fast as this.

I. Derrick has won'. He's justified the whole race of errand boys by delivering a parcell to the ~~six~~ right door the first knock in the quickest time, with a smiling face, and civil remarks to match.

For doing that he deserves a Cup. It's a real silver one too. Three rousing cheers you chaps!
