Picture.:- Nottingham's annual historic Goose Fair. Where not a goose can be recognised by its feathers.

The wheels will start revolving when the--
--Mayor, all present and correct, with a bodyguard of--
--city fathers has declared it well and truly--
--opened. He does so, and cheerful pandemonium breaks loose.

(EFFECTS - - 4 SHOTS).

A safe ride for nice girls ! They can easily walk home if they have got to.

Diving belles, so called because they have to 'ring' their change of costume.

And last, the spectator, who saw most, but paid least.
