NEWS    IN    BRIEF.

Picture:- How to serve motor-friends if they happen--  
--to cut in. Look out ! Just that ! It pulls a--  
--man up short, and demonstrates what happens to a careless--  
--driver. I think these other fellows are always careless.

Picture:-

Back from their summer holidays at Whipsnade.  
Percival takes--

--Diana for a stroll. Must be after closing time.  
The bars are shut. Disgusted the--

--piggy hippo Diana shows us what she thinks of  
us. I am afraid she's no lady !

Picture:- Westminster Bridge is usually congested with  
heavy traffic. Not--

--two minutes distant is the new Lambeth Bridge, practically  
deserted. These pictures were--

--taken within five minutes of each other.

The new Bridge cost half a million, and hardly  
anyone used it. Why ?
