BIGGEST BRITISH SEAPLANE.

Picture.:-

Another product of this amazing 20th century !

The new flying-boat "Perth" prepares--

--for her christening. Lady Atkinson opens a bottle - -
and serves a champagne dash !

(3 EFFECTS SHOTS).

That gun fires one-hundred 1 $\frac{1}{2}$ -lb --

--shells in one minute, and--

--she has several others just as spiteful.

Fitted with three thousand horse-power Rolls Royce
engines, the ship has been built in Blackburn--

--for the Royal Air Force. (EFFECTS - LAUNCH).

(EFFECTS).

I hope the mist won't spoil your view. The tests of the--
huge bomber are very--

--satisfactory to the authorities. She's dropping bombs
now ! Two-thousand pounds of these--

--are tucked away under her. She's the latest scientific
and engineering production for war in the air. Brrh !
