S U C C E S S I N A R A I N S T O R M .

Picture:- A record breaking bus engine is under that--
--bonnet. It's similar to many being used in London buses,--
--and burns heavy oil. With this engine--
--and car, Mr. George Eyston takes a trial run or two before
the great--
--attempt to break the world's speed record for this type of
engine.

EFFECTS.

Now he's going to let her all--
--out on the big effort. The car makes far less noise than
a petrol driven--
--type. It's raining very heavily which doesn't improve
Eyston's chances,--
--or our pictures. He's doing over one-hundred miles per
hour--
--now. (EFFECTS 3 SHOTS).

And he's broken the world's record by two miles per
hour. One-hundred--
--was the American record. And all that with--
--little noise, a lounge suit, no goggles, and a 'bus
engine. Bravo Eyston ! Fares please !
