Picture:- Years ago a wise guy--

--named Guy Fawkes, tried to blow up the House of Commons,
He did his level best, but he failed. Darn his rotten plot !
And look what a mess we are in now !

Picture:- The Duke of Connaught leaves his car to board the--

--train for his Sidmouth home. He is accompanied by--

--Princess Patricia and Prince Arthur of Connaught. Others--

--may rush off to the Riviera, but our King's uncle prefers
"Glorious Devon".

Picture:- In our last issue I said that--

--it was practically impossible to escape from--

--America's Island prison. A girl on the--

--island took up the challenge--

--and swam to the mainland, thus escaping. A feat
everyone thought was impossible. Atta girl !
