COME ON, GORDON

(Hurst Park)

5-011111

After Worcester and Thirsk we're here at Hurst Park. Universal was determined---

---- to give you pictures of Gordon Richards' success if ----

---and when it came. So we've dogged the famous little jockey over---

----three-days-of-racing, ,

----half of England, filming no less than nine races, always thinking the next may be the----

---record-equaliser. And there's the start of the next. If Richards wins this one he equals-----

---- the record of famous Fred Archer. The odds are thirteen to eight on his mount "-----

-----" EL SENOR". And there is Richards, pulling out from the bunch, riding hard and getting well in front.-----

-----The crowd is realising that he's going to win--and there he is passing the post, about two -----

---lengths ahead. After fighting his way through what looked almost like a riot, he gets into the comparative calm of the paddock unsaddling enclosure-----

-----Bravo Gordon. Great little sportsman and champion rider. One more win and you are Britain's foremost jockey of all time.
