Picture. HUNGARY WINS PING-PONG.

NATURAL SOUND.

Picture. :- This procession of human Flotsams and Jetsams
of the criminal--

--courts of France is just leaving for--

--Devil's Island. These are lifers ! They never return.

Now comes news that they have mutinied--

--on the horror ship La Martiniere, and forty have been
killed, mostly sealed--

--to death by steam jets. Words cannot--

--describe the scene, and I shall not try.

Picture. :- If these geesey-geesey-ganders knew where
they wandered--

--they would not rush so fast. They are Newcastle--

--birds doing the goose-step towards father's carving
knife.

Gobble and get fat, you glutton ! It's our
turn next !
