SNAPPED AT THE  
ZOO.

Picture.:-

And that's not a bad --

--sized Christmas pudding for three small monkeys. Bismuth  
as usual--

--after that. Take your feet off the table. The Edinburgh  
Zoo people do their monkeys pretty well.

Oh, excuse you ! Their table manners are a little  
rude, but monks will be monks, even when they ape their  
betters.

Horace behaves rather better, except for 'pinching'  
half the pudd, and making his ears sticky.

Pardon you ! That's better ! You are not too good  
looking fore, or aft ! If their face is their fortune,  
they must have a nasty looking overdraft on their pass  
books. Hello !

They have heard the bottle arrive, and can't stop  
to look for a cork-screw. It smells--

--all right, and its tastes all right ! Well, happy  
days, and h&scup !, if you are not careful !  
(Hic). There she goes !
