

ON THE ZUYDER ZEE.  
DUTCH FOLK GO SKATING.  
FUN ON THE ICE.  
-Netherlands-

---

Picture.:- Frost gives Dutch people a new playground.  
Miles and--

--miles of ice for the jacob's and--

--gretchens to skate on, slide on, or sit on, which ever--

--they prefer. For some poor 'skates' there's--

--no pleasure without pain. That sleigh looks nice and safe.

Ice yachting is popular, but to-day's there's no wind for that sport, but--

--a new game has been thought of. If anyone wants to get slung out, they--

--just sit in--

--a car attached to a rope--

--from a capstan, and the slinging commences. Most of--

--the Dutch people are good skaters and turn--

--out in force and in costume, which proves that--

--the laundry has come home. Well,--

--it's cold standing about. Let's

--have some action. That's better !! Come on ! Hang on, but let her go ! That's skating, that was !
