A I R .

WOMEN'S AERIAL FEAT.
NEW RECORD ESTABLISHED.
-Miami-

Picture.:-

Another new air development is the sky garage. A--
--flying petrol pump station. It is just now refilling the
tank of "OUTDOOR GIRL", the machine in which Helen Richey
and Frances Marsilis--
--have broken the longest-time-in-the-air record. They--
--have been aloft just on--
--ten days, and would have stayed longer but for--
--the rising of adverse winds. A triumph of--
--endurance for the alleged weaker sex.
