The recent life of the Royal Seet--

--seems like a succession of birthdays. To-day it gets another--

--one. At Northampton as the train is signalled,--

--kiddies and grown-ups of the show town crowd the platform--

--to see Mayor Allitt present Mr. Gilbertson, the Royal Seet's driver with a unique--

--model of his world famous engine. And this gift is followed--

--by the blessed gift of good understanding, a pair--

--of shoes from the boot and shoe operatives. The Royal Seet--

--will soon have to start a coupon scheme to get rid of her birthday spares !
