SKI-STOOPS TO CONQUER.
JUMPING CONTEST AT ST. MORITZ.
THRILLS OF THE OLYMPIA HAZARD.
-Switzerland-

Picture.:- Winter sports at St. Moritz are now in full swing. Ski-ing down the Olympia Hazard attracts professional--
--experts from all over the world. It is one of the most--
--spectacular and exhilarating sports. An unbelievably--
--swift descent of a very steep slope.

A flying leap through the air. And a landing at breakneck speed.

The leap sends jumpers a couple of hundred feet like an arrow from a bow.

He's over. No ! He's recovered balance ! It's a gamble whether you smash the record--

--or smash yourself. Here's another ! Up ! A lovely leap !

It's a thrilling game ! You never know what happens until it does, and--

--then sometimes you don't - - until you--

--wake up, and find a pretty nurse--

--tucking you up in a hospital bed. Even the best people come unstuck - - like that !
