NEWS IN BRIEF.

(1). Picture:- The couple being married at this Registry Office--
--Neil Dewar, Scottish international footballer, and Betty Thompson, eloped--
--on New Year's Day, tried to get married,--
--and failed. Now it's done, and they're happy. But they get no honeymoon until after--
--the football season. Well, I think that's just too trying.

(2). Picture:- Down river in the darkness. The crash of a collision, and a rush for the shore before sinking. This--
--happened to the Erling Lindoe. She now lies half--
--submerged, her starboard-side plates ripped away from stern to midships. The Japanese liner Hakone Maru with which she collided is--
--also damaged. No lives lost, but lots of money.

(3). Picture:- And they call this a dog! Seven weeks old. Two--
--and a half inches high, and weighs less--
--than a pound. The smallest pom on record.
Eat 'em up, tiger. His owner was offered One Hundred Pounds for him.
He's keeping the dog. It takes up less room.
