A CLEAN FIGHT.

UNIVERSITY STUDENTS BATTLE.
"SISTER JANE" IN TROUBLE.

-Liverpool-

Picture.:-

Sister Jane ! The University mascot,--

--and she's the cause of all this trouble and strife, although she's neither maid--

--wife, nor widow. The battle for the possession of Sister Jane is between Liverpool medical students and engineering students. The shortage of water in the district, is funilly enough--

--keeping the battle clean. Soot, flour, and bad fruit--

--are usually used as amunition. But as water for street-cleaning--

--must be conserved, the students are civic minded enough to make--

--it a clean fight this time. And there's Sister Jane, gate-crashing to safety.
