Scenes from the International Rugby Match between England and Australia at Gateshead. A crowd of--

--eighteen-hundred people have been attracted to see this game. There's a lovely tackle ! A great recovery ! And the English player is again away with the leather.

Australia is getting the best of the play and looks like giving England a drubbing.

Australia's three-quarter line moves down beautifully but that's torn it !

England scores her first try, and the play--

--gets full of excitement. England's tackling ranks very high - - oh that's well--

--over the line ! There's another one ! Perfect ! Australia leads--

--until the last few minutes, when Sullivan kicks a goal, and gives England victory by five points.
