"DASHING" YOUNG
PEOPLE.

THRILLS ON THE BOB-RUN.
SPORT WITH A SPICE OF DANGER.
-Germany-

Picture. :- The new Olympia bob-sleigh run which is being--

--inaugurated to-day. Many very hot twists--

--and turns are being put in it to make it a--

--sporting equal of anything of its kind--

--on the Continent. The run is at Garmisch-Partenkirchen,
(if I haven't swallowed any of it!) Round they come!

With the weight of four lusty fellows causing--

--the sleigh to gather speed at a breath-taking rate.

Now they're really moving, but it's not the--

--fast moving that matters. It's how to get off when
your car stops where you don't--

--live. Look at that! It's great fun. Not a traffic
signal in sight. No red light to bother about! Oh!
All change!
