PRISON UNDER "GANG
RULE"

NEW YORK'S WORMWOOD SCRUBS.
AMAZING CONDITIONS EXPOSED.
-U.S.A.-

Picture.:- The most amazing prison--

--scandal of modern times. Conditions at Welfare Island
Prison, New York--

--were investigated by Mr. MacCormick, the new Commissioner
of--

--Correction, and he called it the 'world's worst prison'.

Here are a few of the weapons found on the prisoners.

This is one of the many dogs kept in cells.

Some prisoners kept pigeons, and, well, most of--

--the sentenced men did more or less as they--

--liked. Some of them went out when they liked, but they
don't--

--now. The poor gangsters are treated like prisoners.
