(4) Picture:- A No-Mules Elimination contest in Florida. Everybody slugs everybody else and the one who stands up longest wins.

But the big fellow is a real--

--pole-axer and all the others take a stand against him.
Its a --

--black outlook for him.

He appeals but the hard-hearted Ref tells him to get on with the slaughter. Take that you big brute! After that its a black out and curtain!

(5) Picture:- The "Silver Bullet" is towed out to the "Southport Mile". The conditions are not too good and--

--only one run is to be attempted. The late Sir Henry Seagrave did a hundred--

--and fiftytwo miles per hour with this same car on the same track, but--

--Jack Fields beats that record with one hundred and fiftysix miles per hour.
