F. A. CUP SIXTH ROUND.

Cant say how many people here. I haven't counted them---
---yet, but there's a lot. Some of them are the Arsenal play
player ---
---But this bunch has come from Birmingham to----
----keep Aston Villa's spirits up. The noise they make---
----would keep any spirit up. Villa wins the toss and
decides to play----
---with the wind. There's the kick off; and a sample---
----of Arsenal's work. David Jack gives it to Beasley;
Beasley gets past Nibloe and puts in a hot shot. A corner is
----the result and Arsenal fans begin to get--
---up stage until Villa attacks Arsenal's goal. Arsenal
men are beaten but Moss clears nicely. Good football---
----now. Villa ??) is-----
----again threatening and scores. No---
---it doesn't. Moss takes it lying down and saves the
situation---
---Arsenal soon retaliates. Morton clears. They bombard again
almost without pause and shoot over the bar---
----Villa takes another turn at attacking. Houghton, I think
it is, shoots; Moss saves nicely but----
----Villa is going all the way for that cup. Astley scores
The result puts London out of the Cup Final. Aston Villa
wins 2-1.

At the same time a record crowd at a ----

----guess started getting sore throats at Manchester., where
Stoke city ran out on to---

----a large green field closely followed by Manchester Cit y.
Two teams with but a ---

--- single thought - to get into the semi-final. -----

-----The first small gamble ends in favour of Stoke City and--

----then the goal gamble begins . The mancunians start favorite
but the stubborn play of Stoke makes the battle----

----- uncertain. By the way, I've just been told that the crowd
watching this game is a record for----

---any football match in the provinces. Eighty-four thousand---

---people. A shot by Stoke hits the bar. A fine effort--hard
luck-----

----after fifteen minutes of keenly contested play Manchester--

attacks and Brock scores; and that goal put Manchester in ----

---the semi-final round. Now, what about Wembley?
