

EVE AT THE WHEEL

WOMEN'S MOTOR TRIAL

"A DAY IN THE HILLS"

PICTURE:-

This event proves that all women are - - not bad drivers, anyway. Miss Bean conducts her own car examination.... and Miss Daniel prepares in fact does move off to move off on the Women's Reliability Trials.

The Hills Trial is its proper name. And the venue is - - Marlow Bucks to Aston Clinton over six different hills. Most of the course is extremely rough going. Here's one (oh) girl who took the wrong turning. A rattling good test! The next person who goes nutting in these woods should get a full bag. Now for the speed tests! Among the well-known - drivers are Lady Iris Capell, Miss Bean Miss Hobbs holder of the Lord Wakefield Trophy. Mrs Vaughan , and many others Mrs Vaughan is a famous surgeon who by her skill saved a man's - life at the road-side in the Monte Carlo Rally. The tests are organised entirely by women which proves if you haven't already discovered that women are good sports....
