THE OLD AND THE NEW.

HOCKEY AS IT WAS - AND IS.
SCHOOLGIRLS PLAY THE GAME.

Picture.:- Yorkshire girls get the giggles over--

--an old-time hockey match. The thoroughly unhygienic,
but very respectable--

--ankle length skirts slow down the game, and even--

--stop it in order to avert disaster with a large safety
pin. Modern hips are not made--

--to hang these things on. The run down--

--is not unlike a sack race in these trou - - er - skirts.

However, confidence in the Victorian safety pin allows
the scoring--

--of a goal. Now let's see something-

--real. Durham Women's Hockey team poses for the--

--camera before playing Yorkshire women in the county
match.

And this is a serious business. It is also more
attractive to watch--

--than the ladies in the leg cloaks. There's no doubt
girls play a faster game since they have--

--been given the freedom of the breeze. Yorkshire wins
the match by four goals to one.
