Picture.:-

Mid-Lent on the shores of the--  
--Blue Mediterranean. From the display of--  
--blooms one can guess that Spring has come in this part--  
--of the world. This particular festival is held by kiddies--  
--for kiddies. The beauty and novelty--  
--of the floral cars suggest that Father and--  
--Mother have at least given a helping--  
--hand. The fresh young charm of the--  
--children harmonises well with the colour--  
--and fragrance which surrounds them. White wigs--  
--never grow weary, or dark heads either. Whoever--  
--has to put these youngsters to bed after this will have--  
--their work out out. Aren't those lilies perfect ? Take--  
--your fill, boys and girls. You can be young only once.
