

THE WILSON RUN.

53RD FELL RACE.
PUBLIC SCHOOLS' SPORTING EVENT.

-Sedbergh District-

Picture. :-

Only the fittest boys are permitted to enter for this event, and in a moment or two you will see why !
It is the--

--Sedbergh School Cross-Country run. Ten miles--

--of difficult rolling moorland. In the West Riding it is looked upon as one of the leading sporting events of the year. Instituted in 1881, by one, Bernard Wilson, it is--

--called the 'Wilson Run'. The long distance and three tricky water crossings test the boys' muscles--

--and wind. In fact the whole race is hard on the pants.

Two boys who arrived first--

--last year are doing it again this year.

D.A. DONALD and S.L. DORMAN fight it out together.

But DONALD pips his school friend by three seconds.
