

THE LINCOLN.

"FLAT" SEASON'S FIRST BIG HANDICAP.
THRILLS ON THE CARHOLME COURSE

)))))))))

Well, here we are to do what we can about---

--- the Lincolnshire Handicap. The horses are now galloping down to the post. I wish I could;---

--- its rather chilly, and I've got a cold and I'm hoarse myself anyway. -----

---The runners are now at the post and they'll be---

---off in a minute or so. The starter has just gone---

----to the tapes, trying to get them lined up. We're off, and a beautiful start too. Everybody was sorry to hear ~~that~~ of the accident to Vesicle and shocked to know----

---that a nurse had been killed. At five furlongs Old King Sol is showing a fine turn of speed. He's much fancied but Play On is challenging the field. Quartz the Second is----

---hanging on to his flanks. Obesity is making marvellous pace Generous Gift is in the first bunch. Donoghue's mount, St Oswald is----

-----and I can't see Madagascar, which carries my nimble ninepence No, the race-----

is between Play On, Quartz the Second and Obesity, and its a ---

---terrific struggle. Play On has got it--with Obesity second and-----

---Quartz the Second, third. A really exciting, ding-dong race; hardly a ---

---neck in it. Bravo, Play On; a magnificent effort.
