A pair of hockey sticks--

--at the bully-off 66 play amongst seventy-nine--  
--teams comprising nearly a thousand hockey-playing girls.  
The annual rally is organised by the Yorkshire Women's  
Hockey Association. This--  
--year's gathering is a record. The play is fast, and  
enthusiasm runs high. 236--  
--games have to be played to-day, and the competing--  
--hundreds keep their eyes on the score board. Rain--  
--has rather spoilt the pitches. The ground is too  
slippery--  
--for the best hockey. Large numbers of girls are--  
--still playing their 10-minute matches, and hoping the  
tea--  
--will last out till they finish. And that's--  
--the end of the world's record hockey rally. Any more  
tea ?
