AMUSING INTRODUCTION TO THE PUBLIC.
-U.S.A.-

Picture.:-

The Zoo doctor has been with his little black bag.
And as usual, everybody--

--is interested. The proud--

--papa is taking all the credit, and is determined to
bring up his son with a firm foot. Mind your step,
or you'll spoil the child.

Mother keeps an eye on--

--her two-weeks old cub. Go back! Esaya's father!
"Oh shucks" says the furry kid, and decides to go home
by tube.

(EFFECTS).

It's the cub's first day out. He wants to make
the best of the adventure, but Dad's a kill-joy as
usual. Dad--

--at this time, of day. Still, one word from Father,
and he does - as he likes!
