DILLINGER ON THE RUN.
PUBLIC ENEMY NO.1.

-U.S.A.-

Picture.:-

Dillinger, America's No.1. Enemy and desperado
extraordinary still evades an--

--army of 'shoot-at-sight' pursuers. Here is Little--
--Bohemia, where he--

--stayed before the proprietor recognised him and sent--

--for the Police. When they came Dillinger--

--shot his way to freedom and--

--killed four people. These dogs barked and warned--

--the bandit, who escaped to--

--the lakeside, leaving injured and dying victims--

--of his fanatical lawlessness and cruelty.

Now five-thousand federal agents are---

--scouring the country for the doomed gangster. Here's
to his speedy capture.
