

POETRY OF MOTION.

DEMONSTRATED BY SONJA HENIE.

---

Picture. :-

Beauty and grace par excellence. Loveliness of line, litheness of movement in excelsis. That in-

--my opinion epitomises the wonderful performance of Sonja Henie. Her skating wizardry seems so perfect--

--as to be unreal. Someone ought to write a song "Have you--

--ever seen a dream--

--skating?" , and dedicate it to Sonja Henie. Sounds rather fullsome, but I hope by this time that you are agreeing with me.

Watch this amazing slow turn, a triumph of balance and skilful control !

Words fail me - - she's just Sonja.
