NEWS IN BRIEF.

(1). Picture:-

Paris celebrates the Feast of St. Catherine's Day.

All the unmarried girls, pretty, petite Parisian
Madinettes--

--many in traditional costumes, crowd the boulevards--

--with a smile on their--

--faces and a prayer to St. Catherine in their--

--hearts. At night the annual ball of the fete is--

--held. This event frequently proves fatal to the single-
blessedness--

--of many young bachelors, and--

--answers many a maiden's prayer. The costumes--

--are judged, and--

--the old-fashioned girl dances away with the prize

(2). Picture.

But Miss Margaret Sullavan, Hollywood's shyest film
star,-

--flies away by plane with her director William Wyler, who
has just finished--

--Margaret's last picture. The good fairy. Let's hope
the marriage will prove to have--

--really been arranged by a good fairy. It's is Margaret's--

--first experience in being a bride, so--

--the beginner's luck may--

--hold good.
