

JACK COMES ASHORE!  
NAVY'S CHRISTMAS LEAVE.

---

Picture.

The first batch of Christmas liberty men come--  
--ashore from H.M.S. Hood. These men will actually--  
--return to their ship before Christmas Day, and the--  
--next batch will be the slightly luckier ones. They  
will get the--  
--great day itself. After being found all--  
--present and correct leave men are marched off to be  
seen off to their respective stations for home. Sailors  
have--  
--been known to mislay themselves locally. However,  
when they do get home, and are faced--  
--with a turkey, we have persuaded the famous Strand  
Chef, Joe--  
--Baker to offer a practical demonstration on table  
bird dissection.
