(4). Picture:- From Greenwich comes the newest stream-lined fire--

--engine. Pump and escape are mounted on one chassis. This--

--particular engine is being delivered to the Lancaster--

--Fire Brigade. L.C.C. are also--

--equipping their brigades with this new speedy, up-to-the-minute--

--life saving and fire killing appliance.

---

(5). Picture:- At the Halton School for aircraft--

--training, Air-Vice-Marshal F.W. Bowhill inspects the apprentices.

This is 'passing-out'--

--day, and most of these men will be absorbed--

--by pueka aircraft--

--units as first-class--

--mechanics, commencing their career with a flying start.
