

PRINCE PAUL OF YUGOSLAVIA.
REGENT'S FIRST PUBLIC CEREMONY.

Picture.:-

Belgrade acquires a new bridge over--
--the Save River. Patriarchs of the Church--
--give the work their blessing. Prior to--
--the bridge being opened a--
--ferry was in--
--operation. Prince Paul makes the bridge opening
his first official public act since he undertook--
--the Regency duties. The Prince cuts the ribbon
in the presence of the Regency Committee, and many
thousands of the public--
--of Belgrade. The span is--
--an important one, as it connects Central Europe
with--
--the Balkans which is now a good--
--idea. Larger, of course, one--
--never knows. Anyway to-day there's a peaceful race
amongst--
--the lads of the village to be first over the river.
