CIRCUS DAYS ARE HERE.

THRILLS AT BELLE VUE.

---

Picture.:-

The man they made a song about. 'The man on the flying trapeze'. Any lady wanting his address--

--should apply to the Circus, Manchester.

Promotion in life is not so easy, but here's a lady who frequently gets a 'leg-up', and shows you how easy it is to live--

--an upright life under difficult circumstances. Manchester kiddies, from six to sixty years old, are thrilled to the marrow with the age-old eger-new circus--

--show. (EFFECTS - APPLAUSE).

This puts the seal on the entertainment.

(EFFECTS).

Teams of marvellously trained ponies--

--do exactly as the crack of the ringmaster's whip tells them, and give the school-children a thrilling story to tell of--

--the incredible sights they saw at the Circus.
