

NEWS IN BRIEF.

- (1). Picture:- Budapest, another European country, where the people are debased enough to encourage state lotteries. This occasion is the presentation--
--of prizes in an art lottery, during which--
--Lady Chilston, wife of the former British Minister to Hungary--
--speaks. (NATURAL SOUND).
- (2). Picture:- The largest and heaviest bridge in the world spans Sydney Harbour--
--and is a--
--model of its kind. The Manchester Hobbies and Models Exhibition is--
--a joy for ever to schoolboys. Who wouldn't swap--
--a long-treasured pocket knife, or his white mice, for one--
--of these model planes. Aeroplanes and yachts are easy--
--favourites. There will be a lot of--
--young endeavours grow out of this stimulating show.
- (3). Picture:- A novel item for Hungary.
Every anniversary of the--
--building of this church at Koetesce--
-- a procession solemnly proceeds to--
--a certain tree in the sacred--
--precincts, digs up a--
--bottle of wine, and plants--
--another one, to be dug up next year, and so--
--it goes down on, and down the years $\frac{1}{2}$ - and throats !
