NEWS IN BRIEF.

- (1) Picture.:- Amelia Earhart lands at Burbank, California, from her last--  
--test flight before sailing for Honolulu--  
--to attempt the trans-Pacific flight back to America.  
Miss Earhart still holds the lone woman's Atlantic flight record,--  
--and now she's after some Pacific distinction.
- 
- (2). Picture.:- Another group of adventurers assemble at a Viennese ice rink to sail--  
--over an ocean of ice in the kiddies annual--  
--ice carnival. Young as the children are, most of them skate well, while others spend a--  
--lot of time sitting down quickly and getting--  
--up slowly. The ice shoot is popular because they sit before starting and--  
--slide the rest of the way. But it's a cold world.  
Do they care ? That's not the age for worry !
- 
- (3). Picture.:- Rome acquires a new Minister of--  
--South Africa. Dr.G.M.A.--  
--Heymans. To-day His Excellency goes to present his--  
--credentials to the King--  
--of Italy. In state coach--  
--he leaves his official residence for the Quirinale. There was a time when such an office was a--  
--sinecure, but in these--  
--days of political ebb and flow, the responsibility is great.
