- (4). Picture.:- Wardour Street, London, the heart of Filmland, is broken up. The--
- way of film folk is rough, but this is really a tough break ! Luxurious--
- limousines, dazzling gin palaces on wheels, together--
- with modest battered baby buses, are all told by a relentless--
- Robert to take the next turning. It makes at least five--
- film magnates I know walk ten more yards every morning. That's pretty dreadful.
-

- (5). Picture.:- Here's another very good outlook. Ten-years-old Pauline Gillam of--
- Stækwell, is to be May Queen of Merrie England,--
- and take part in the Royal Jubilee celebrations,--
- with London's May Queen, Lily Jones,--
- fourteen years old. Their respective families--
- are busy making preparations for the great day. Their Majesties' plans--
- are at present being discussed in secret, and in Bilham.
