Round British shores, gales have created considerable
havoc--

--and some destruction. These heavy seas at Blackpool
drenched our camera, and operator. From--

--other parts of the world come stories of gale
disasters. Ships dangerously--

--scuffling to answer urgent calls of S.--

--O.S. Feared loss of vessels long overdue, at--

--their ports. "The sea has called for a thousand--

--years, and calls us, still unfed".
