

NEWS IN BRIEF.

(1) Picture:-

The good ship 'Staghound' is not so--  
--good now. She ran--  
--aground in a gale and stuck in a dangerous position--  
--at the north of--  
--the entrance to Ayr Harbour.

Heavy seas are battering her,--  
--but the skipper and crew agreed to stay--  
--on board. Children are staying by the--  
--ship, and at present the ship is staying aground.

Another good stayer, worth watching, is 'Golden Miller',  
a Grand National favourite. I am not prejudiced, so take--

--a look at Delaneige,-  
--and Really True. At Sandown Park these three--  
--Grand National chances ran together. But Golden Miller got--  
--tired of company, left them about a mile behind and arrived  
home before his--  
--mash was ready. So if he does, or doesn't win, don't blame me !

When Maurice Rossi, France's long distance record holder  
won--

--his race for land, with Paul Gados,--  
--the opponent he bested was death himself. In their plane 'Joseph  
Lebrix",  
--the pair left Marseilles to break their own long distance non  
stop record of five-thousand-seven-hundred miles.

500-miles from land their engine failed, and they were just  
able to defeat death only by seconds.
