

MAX SCHMELING IN
TRAINING.

STRENUOUS PREPARATIONS FOR NEXT FIGHT.

Picture.:-

Max Schmeling is skipping around, not exactly for joy, but to be happy to meet Steve Hamas--

--at Hamburg in March. (EFFECTS).

Schmeling is undergoing intensive training, both out of the ring, and in it. His sparring partners have been instructed to punish him as much as they can for the hardening process. What Schmeling does to the sparring partners isn't mentioned. The winner of the Hamburg fight will automatically qualify--

--to meet the world's champion, Max Baer, for the world title. Schmeling's supporters--

--have no doubt he will win. Hamas' supporters have no doubt he will win, Personally, I think the safest bet--

--is the promoter. He's likely to win in any case.
